

OFFICE OF THE STATE CONTROLLER
STATE MANDATED COSTS CLAIMING INSTRUCTIONS NO. 2005-05
INTEGRATED WASTE MANAGEMENT
(COMMUNITY COLLEGES)

June 6, 2005

In accordance with Government Code (GC) section 17561, eligible claimants may submit claims to the State Controller's Office (SCO) for reimbursement of costs incurred for state mandated cost programs. The following are claiming instructions and forms that eligible claimants will use for the filing of claims for the Integrated Waste Management (IWM) program. These claiming instructions are issued subsequent to adoption of the program's parameters and guidelines (P's & G's) by the Commission on State Mandates (COSM).

On March 25, 2004, the COSM determined that Chapter 764, Statutes of 1999, and Chapter 1116, Statutes of 1992, established costs mandated by the State according to the provisions listed in the P's & G's. For your reference, the P's & G's are included as an integral part of the claiming instructions.

Eligible Claimants

Any community college that incurs increased costs as a direct result of this mandate is eligible to claim reimbursement of these costs.

Filing Deadlines

A. Reimbursement Claims

Initial reimbursement claims must be filed within 120 days from the issuance date of claiming instructions. Reimbursement claims for the period January 1, 2000, to June 30, 2000, and fiscal years 2000-01 through 2004-2005 must be filed with the SCO and be delivered or postmarked on or before **October 4, 2005**. Estimated claims for fiscal year 2005-06 must be filed on or before **October 4, 2005**, or by **January 15, 2006**.

Costs for all initial reimbursement claims must be filed separately according to the fiscal year in which the costs were incurred. In order for a claim to be considered properly filed, it must include any specific supporting documentation requested in the instructions. **Claims filed more than one year after the deadline or without the requested supporting documentation will not be accepted.**

The reimbursement periods for the following activities are as follows:

1. One-Time Activities - January 1, 2000, to June 30, 2000, fiscal year 2000-01 and subsequent fiscal years;
2. Ongoing Activities - January 1, 2000, to June 30, 2000, fiscal year 2000-01 and subsequent fiscal years;
3. Alternative Compliance - January 1, 2000, to June 30, 2000, fiscal years 2000-01 through 2004-05, and July 1, 2005, to December 31, 2005;

4. Accounting System - January 1, 2000, to June 30, 2000, fiscal year 2000-01 and subsequent fiscal years;
5. Annual Report - January 1, 2000, to June 30, 2000, fiscal year 2000-01 and subsequent fiscal years; and
6. Annual Recycled Material Reports - Fiscal year 1999-00 and subsequent fiscal years.

B. Late Penalty

1. Initial Claims

AB 3000 enacted into law on September 30, 2002, amended the late penalty assessments on initial claims. Late initial claims submitted **on or after September 30, 2002**, are assessed a late penalty of 10% of the total amount of the initial claims **without limitation**.

2. Annual Reimbursement Claims

All late reimbursement claims are assessed a late penalty of 10% subject to the \$1,000 limitation regardless of when the claims were filed.

C. Estimated Claims

Unless otherwise specified in the claiming instructions, a community college is not required to provide cost schedules and supporting documents with an estimated claim if the estimated amount does not exceed the previous fiscal year's actual costs by more than 10%. Claimants can simply enter the estimated amount on form FAM-27, line (07).

However, if the estimated claim exceeds the previous fiscal year's actual costs by more than 10%, claimants must complete supplemental claim forms to support their estimated costs as specified for the program to explain the reason for the increased costs. If no explanation supporting the higher estimate is provided with the claim, it will automatically be adjusted to 110% of the previous fiscal year's actual costs. Future estimated claims filed with the SCO must be postmarked by January 15 of the fiscal year in which costs will be incurred. Claims filed timely will be paid before late claims.

Minimum Claim Cost

GC section 17564(a) provides that no claim shall be filed pursuant to Sections 17551 and 17561, unless such a claim exceeds one thousand dollars (\$1,000).

Reimbursement of Claims

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question.

Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, receipts and the community college plan approved by the Board. Evidence corroborating the source documents may include, but is not limited to, worksheets, cost

allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

Certification of Claim

In accordance with the provisions of Government Code section 17561, an authorized representative of the claimant shall be required to provide a certification of claim stating: "I certify, (or declare), under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5, for those costs mandated by the State and contained herein.

Audit of Costs

All claims submitted to the SCO are reviewed to determine if costs are related to the mandate, are reasonable and not excessive, and the claim was prepared in accordance with the SCO's claiming instructions and the P's & G's adopted by the COSM. If any adjustments are made to a claim, a "Notice of Claim Adjustment" specifying the claim component adjusted, the amount adjusted, and the reason for the adjustment, will be mailed within 30 days after payment of the claim.

Pursuant to GC section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a community college pursuant to this chapter is subject to the initiation of an audit by the SCO no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the SCO to initiate an audit shall commence to run from the date of initial payment of the claim.

In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities must be retained during the period subject to audit. If an audit has been initiated by the SCO during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings. On-site audits will be conducted by the SCO as deemed necessary.

State Agency Model Integrated Waste Management Plan (February 2000)

Integrated Waste Management (00-TC-07)

Santa Monica and Lake Tahoe Community College Districts, Co-claimants

I. SUMMARY OF THE MANDATE

On March 25, 2004, the Commission on State Mandates (Commission) adopted its Statement of Decision finding that Public Resources Code sections 40148, 40196.3, 42920-42928; Public Contract Code sections 12167 and 12167.1; and the State Agency Model Integrated Waste Management Plan (February 2000) require new activities, as specified below, which constitute new programs or higher levels of service for community college districts within the meaning of article XIII B, section 6, of the California Constitution, and impose costs mandated by the state pursuant to Government Code section 17514.

Specifically, the Commission approved this test claim for the increased costs of performing the following specific new activities:

- **Comply with the model plan (Pub. Resources Code, § 42920, subd. (b)(3) & State Agency Model Integrated Waste Management Plan, February 2000):** A community college must comply with the California Integrated Waste Management Board's (Board) model integrated waste management plan, which includes consulting with the Board to revise the model plan, as well as completing and submitting to the Board the following: (1) state agency or large state facility information form; (2) state agency list of facilities; (3) state agency waste reduction and recycling program worksheet, including the sections on program activities, promotional programs, and procurement activities; and (4) state agency integrated waste management plan questions.
- **Designate a solid waste reduction and recycling coordinator (Pub. Resources Code, § 42920, subd. (c)):** A community college must designate one solid waste reduction and recycling coordinator to perform new duties imposed by chapter 18.5 (Pub. Resources Code, §§ 42920 – 42928), including implementing the community college's integrated waste management plan, and acting as a liaison to other state agencies (as defined by section 40196.3) and coordinators.
- **Divert solid waste (Pub. Resources Code, §§ 42921 & 42922, subd. (i)):** A community college must divert at least 25 percent of all its solid waste from landfill disposal or transformation facilities by January 1, 2002, through source reduction, recycling, and

composting activities, and divert at least 50 percent of all solid waste from landfill disposal or transformation facilities by January 1, 2004, through source reduction, recycling, and composting.

A community college unable to comply with this diversion requirement may instead seek, until December 31, 2005, either an alternative requirement or time extension (but not both) as specified below:

- **Seek an alternative requirement (Pub. Resources Code, §§ 42927 & 42922, subds. (a) & (b)):** A community college that is unable to comply with the 50-percent diversion requirement must: (1) notify the Board in writing, detailing the reasons for its inability to comply; (2) request of the Board an alternative to the 50-percent requirement; (3) participate in a public hearing on its alternative requirement; (4) provide the Board with information as to (a) the community college's good faith efforts to effectively implement the source reduction, recycling, and composting measures described in its integrated waste management plan, and demonstration of its progress toward meeting the alternative requirement as described in its annual reports to the Board; (b) the community college's inability to meet the 50-percent diversion requirement despite implementing the measures in its plan; (c) the alternative source reduction, recycling, and composting requirement represents the greatest diversion amount that the community college may reasonably and feasibly achieve, and (d) relate to the Board circumstances that support the request for an alternative requirement, such as waste disposal patterns and the types of waste disposed by the community college.
- **Seek a time extension (Pub. Resources Code, §§ 42927 & 42923 subds. (a) & (c)):** A community college that is unable to comply with the January 1, 2002 deadline to divert 25 percent of its solid waste, must do the following pursuant to section 42923, subdivisions (a) and (c): (1) notify the Board in writing, detailing the reasons for its inability to comply; (2) request of the Board an alternative to the January 1, 2002 deadline; (3) provide evidence to the Board that it is making a good faith effort to implement the source reduction, recycling, and composting programs identified in its integrated waste management plan; and (4) provide information to the Board that describes the relevant circumstances that contributed to the request for extension, such as lack of markets for recycled materials, local efforts to implement source reduction, recycling and composting programs, facilities built or planned, waste disposal patterns, and the type of waste disposed of by the community college. (5) The community college must also submit a plan of correction that demonstrates that it will meet the requirements of Section 42921 [the 25 and 50 percent diversion requirements] before the time extension expires, including the source reduction, recycling, or composting steps the community college will implement, a date prior to the expiration of the time extension when the requirements of Section 42921 will be met, the existing programs that it will modify, any new programs that will be implemented to meet those requirements, and the means by which these programs will be funded.

- **Report to the Board (Pub. Resources Code, §§ 42926, subd. (a) & 42922, subd. (i)):** A community college must annually submit, by April 1, 2002 and by April 1 each subsequent year, a report to the Board summarizing its progress in reducing solid waste. The information in the report is to encompass the previous calendar year and shall contain, at a minimum, the following as outlined in section 42926, subdivision (b): (1) calculations of annual disposal reduction; (2) information on the changes in waste generated or disposed of due to increases or decreases in employees, economics, or other factors; (3) a summary of progress implementing the integrated waste management plan; (4) the extent to which the community college intends to use programs or facilities established by the local agency for handling, diversion, and disposal of solid waste. (If the college does not intend to use those established programs or facilities, it must identify sufficient disposal capacity for solid waste that is not source reduced, recycled or composted.) (5) For a community college that has been granted a time extension by the Board, it shall include a summary of progress made in meeting the integrated waste management plan implementation schedule pursuant to section 42921, subdivision (b), and complying with the college's plan of correction, before the expiration of the time extension. (6) For a community college that has been granted an alternative source reduction, recycling, and composting requirement by the Board pursuant to section 42922, it shall include a summary of progress made towards meeting the alternative requirement as well as an explanation of current circumstances that support the continuation of the alternative requirement.
- **Submit recycled material reports (Pub. Contract Code, § 12167.1):** A community college must annually report to the Board on quantities of recyclable materials collected for recycling.

II. ELIGIBLE CLAIMANTS

Community college districts that incur increased costs as a result of this mandate are eligible to claim reimbursement.

III. PERIOD OF REIMBURSEMENT

Government Code section 17557 states that a test claim must be submitted on or before June 30 following a given fiscal year to establish eligibility for that fiscal year. The test claim for this mandate was filed on March 9, 2001. Therefore, costs incurred for compliance with Public Contract Code sections 12167 and 12167.1 (Stats. 1992, ch. 1116) are eligible for reimbursement on or after July 1, 1999. However, because of the statute's operative date, all other costs incurred pursuant to Statutes 1999, chapter 764 are eligible for reimbursement on or after January 1, 2000.

Seeking an alternative diversion goal or time extension (Pub. Resources Code, §§ 42922, 42923, and 42927) is reimbursable until December 31, 2005.

Actual costs for one fiscal year should be included in each claim. Estimated costs for the subsequent year may be included on the same claim, if applicable. Pursuant to Government Code section 17561, subdivision (d), all claims for reimbursement of initial years' costs shall be submitted within 120 days of the issuance of the claiming instructions by the State Controller.

If the total costs for a given fiscal year do not exceed \$1000, no reimbursement shall be allowed, except as otherwise allowed by Government Code section 17564.

IV. REIMBURSABLE ACTIVITIES

To be eligible for mandated cost reimbursement for any fiscal year, only actual costs may be claimed. Actual costs are those costs actually incurred to implement the mandated activities. Actual costs must be traceable and supported by source documents that show the validity of such costs, when they were incurred, and their relationship to the reimbursable activities. A source document is a document created at or near the same time the actual cost was incurred for the event or activity in question. Source documents may include, but are not limited to, employee time records or time logs, sign-in sheets, invoices, receipts, and the community college plan approved by the Board.

Evidence corroborating the source documents may include, but is not limited to, worksheets, cost allocation reports (system generated), purchase orders, contracts, agendas, training packets, and declarations. Declarations must include a certification or declaration stating, "I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct," and must further comply with the requirements of Code of Civil Procedure section 2015.5. Evidence corroborating the source documents may include data relevant to the reimbursable activities otherwise in compliance with local, state, and federal government requirements. However, corroborating documents cannot be substituted for source documents.

The claimant is only allowed to claim and be reimbursed for increased costs for reimbursable activities identified below. Increased cost is limited to the cost of an activity that the claimant is required to incur as a result of the mandate.

For each eligible claimant, the following activities are reimbursable:

A. One-Time Activities (*Reimbursable starting January 1, 2000*)

1. Develop the necessary district policies and procedures for the implementation of the integrated waste management plan.
2. Train district staff on the requirements and implementation of the integrated waste management plan (one-time per employee). Training is limited to the staff working directly on the plan.

B. Ongoing Activities (*Reimbursable starting January 1, 2000*)

1. Complete and submit to the Board the following as part of the State Agency Model Integrated Waste Management Plan (Pub. Resources Code, § 42920, subd. (b)(3) & State Agency Model Integrated Waste Management Plan, February 2000.):
 - a. state agency or large state facility information form;
 - b. state agency list of facilities;
 - c. state agency waste reduction and recycling program worksheets that describe program activities, promotional programs, and procurement activities, and other questionnaires; and
 - d. state agency integrated waste management plan questions.

NOTE: Although reporting on promotional programs and procurement activities in the model plan is reimbursable, implementing promotional programs and procurement activities is not.

2. Respond to any Board reporting requirements during the approval process. (Pub. Resources Code, § 42920, subd. (b)(3) & State Agency Model Integrated Waste Management Plan, February 2000.)
3. Consult with the Board to revise the model plan, if necessary.¹ (Pub. Resources Code, § 42920, subd. (b)(3) & State Agency Model Integrated Waste Management Plan, February 2000.)
4. Designate one solid waste reduction and recycling coordinator ("coordinator") for each college in the district to perform new duties imposed by chapter 18.5 (Pub. Resources Code, §§ 42920 – 42928). The coordinator shall implement the integrated waste management plan. The coordinator shall act as a liaison to other state agencies (as defined by section 40196.3) and coordinators. (Pub. Resources Code, § 42920, subd. (c).)
5. Divert at least 25 percent of all solid waste from landfill disposal or transformation facilities by January 1, 2002, and at least 50 percent of all solid waste from landfill disposal or transformation facilities by January 1, 2004, through source reduction, recycling, and composting activities. Maintain the required level of reduction, as approved by the Board. (Pub. Resources Code, §§ 42921 & 42922, subd. (i).)

C. Alternative Compliance (*Reimbursable from January 1, 2000 – December 31, 2005*)

1. Seek either an alternative requirement or time extension if a community college is unable to comply with the January 1, 2002 deadline to divert 25 percent of its solid waste, by doing the following: (Pub. Resources Code, §§ 42927 & 42923 subds. (a) & (c).)
 - a. Notify the Board in writing, detailing the reasons for its inability to comply.
 - b. Request of the Board an alternative to the January 1, 2002 deadline.
 - c. Provide evidence to the Board that the college is making a good faith effort to implement the source reduction, recycling, and composting programs identified in its integrated waste management plan.
 - d. Provide information that describes the relevant circumstances that contributed to the request for extension, such as lack of markets for recycled materials, local efforts to implement source reduction, recycling and composting programs, facilities built or planned, waste disposal patterns, and the type of waste disposed of by the community college.
 - e. Submit a plan of correction that demonstrates that the college will meet the requirements of Section 42921 [the 25 and 50 percent diversion requirements] before the time extension expires, including the source reduction, recycling, or composting steps the community college will implement, a date prior to the expiration of the time extension when the requirements of Section 42921 will be met, the existing programs that it will modify, any new programs that will be implemented to meet those requirements, and the means by which these programs

¹ Attachment 1, California Integrated Waste Management Board, State Agency Model Integrated Waste Management Plan (February 2000).

will be funded.

2. Seek either an alternative requirement or time extension if a community college is unable to comply with the January 1, 2004 deadline to divert 50 percent of its solid waste, by doing the following: (Pub. Resources Code, §§ 42927 & 42922, subds. (a) & (b).)
 - a. Notify the Board in writing, detailing the reasons for its inability to comply.
 - b. Request of the Board an alternative to the 50-percent requirement.
 - c. Participate in a public hearing on its alternative requirement.
 - d. Provide the Board with information as to:
 - (i) the community college's good faith efforts to implement the source reduction, recycling, and composting measures described in its integrated waste management plan, and demonstration of its progress toward meeting the alternative requirement as described in its annual reports to the Board;
 - (ii) the community college's inability to meet the 50 percent diversion requirement despite implementing the measures in its plan;
 - (iii) how the alternative source reduction, recycling, and composting requirement represents the greatest diversion amount that the community college may reasonably and feasibly achieve; and,
 - (iv) the circumstances that support the request for an alternative requirement, such as waste disposal patterns and the types of waste disposed by the community college.

D. Accounting System (*Reimbursable starting January 1, 2000*)

Developing, implementing, and maintaining an accounting system to enter and track the college's source reduction, recycling and composting activities, the cost of those activities, the proceeds from the sale of any recycled materials, and such other accounting systems which will allow it to make its annual reports to the state and determine waste reduction. Note: only the pro-rata portion of the costs incurred to implement the reimbursable activities can be claimed.

E. Annual Report (*Reimbursable starting January 1, 2000*)

Annually prepare and submit, by April 1, 2002, and by April 1 each subsequent year, a report to the Board summarizing its progress in reducing solid waste. The information in the report must encompass the previous calendar year and shall contain, at a minimum, the following as outlined in section 42926, subdivision (b): (Pub. Resources Code, §§ 42926, subd. (a) & 42922, subd. (i).)

1. calculations of annual disposal reduction;
2. information on the changes in waste generated or disposed of due to increases or decreases in employees, economics, or other factors;
3. a summary of progress made in implementing the integrated waste management plan;
4. the extent to which the community college intends to use programs or facilities established by the local agency for handling, diversion, and disposal of solid waste

(If the college does not intend to use those established programs or facilities, it must identify sufficient disposal capacity for solid waste that is not source reduced, recycled or composted.);

5. for a community college that has been granted a time extension by the Board, it shall include a summary of progress made in meeting the integrated waste management plan implementation schedule pursuant to section 42921, subdivision (b), and complying with the college's plan of correction, before the expiration of the time extension;
6. for a community college that has been granted an alternative source reduction, recycling, and composting requirement by the Board pursuant to section 42922, it shall include a summary of progress made towards meeting the alternative requirement as well as an explanation of current circumstances that support the continuation of the alternative requirement.

F. Annual Recycled Material Reports (*Reimbursable starting July 1, 1999*)

Annually report to the Board on quantities of recyclable materials collected for recycling. (Pub. Contract Code, § 12167.1.) (See Section VII. regarding offsetting revenues from recyclable materials.)

V. CLAIM PREPARATION AND SUBMISSION

Each of the following cost elements must be identified for each reimbursable activity identified in Section IV, Reimbursable Activities, of this document. Each claimed reimbursable cost must be supported by source documentation as described in Section IV. Additionally, each reimbursement claim must be filed in a timely manner.

A. Direct Cost Reporting

Direct costs are those costs incurred specifically for the reimbursable activities. The following direct costs are eligible for reimbursement.

1. **Salaries and Benefits**

Report each employee implementing the reimbursable activities by name, job classification, and productive hourly rate (total wages and related benefits divided by productive hours). Describe the specific reimbursable activities performed and the hours devoted to each reimbursable activity performed.

2. **Materials and Supplies**

Report the cost of materials and supplies that have been consumed or expended for the purpose of the reimbursable activities. Purchases shall be claimed at the actual price after deducting discounts, rebates, and allowances received by the claimant. Supplies that are withdrawn from inventory shall be charged on an appropriate and recognized method of costing, consistently applied.

3. Contracted Services

Report the name of the contractor and services performed to implement the reimbursable activities. Attach a copy of the contract to the claim. If the contractor bills for time and materials, report the number of hours spent on the activities and all costs charged. If the contract is a fixed price, report the dates when services were performed and itemize all costs for those services.

4. Fixed Assets and Equipment

Report the purchase price paid for fixed assets and equipment (including computers) necessary to implement the reimbursable activities. The purchase price includes taxes, delivery costs, and installation costs. If the fixed asset or equipment is also used for purposes other than the reimbursable activities, only the pro-rata portion of the purchase price used to implement the reimbursable activities can be claimed.

5. Travel

Report the name of the employee traveling for the purpose of the reimbursable activities. Include the date of travel, destination point, the specific reimbursable activity requiring travel, and related travel expenses reimbursed to the employee in compliance with the rules of the local jurisdiction. Report employee travel time according to the rules of cost element A.1, Salaries and Benefits, for each applicable reimbursable activity.

6. Training

Report the cost of training an employee to perform the reimbursable activities, as specified in Section IV of this document. Report the name and job classification of each employee preparing for, attending, and/or conducting training necessary to implement the reimbursable activities. Provide the title, subject, and purpose (related to the mandate of the training session), dates attended, and location. If the training encompasses subjects broader than the reimbursable activities, only the pro-rata portion can be claimed. Report employee training time for each applicable reimbursable activity according to the rules of cost element A.1, Salaries and Benefits, and A.2, Materials and Supplies. Report the cost of consultants who conduct the training according to the rules of cost element A.3, Contracted Services.

B. Indirect Cost Rates

Indirect costs are costs that have been incurred for common or joint purposes. These costs benefit more than one cost objective and cannot be readily identified with a particular final cost objective without effort disproportionate to the results achieved. After direct costs have been determined and assigned to other activities, as appropriate, indirect costs are those remaining to be allocated to benefited cost objectives. A cost may not be allocated as an indirect cost if any other cost incurred for the same purpose, in like circumstances, has been claimed as a direct cost.

Indirect costs include: (a) the indirect costs originating in each department or agency of the governmental unit carrying out state mandated programs, and (b) the costs of central governmental services distributed through the central service cost allocation plan and not otherwise treated as direct costs.

Community colleges have the option of using: (1) a federally approved rate, utilizing the cost accounting principles from the Office of Management and Budget Circular A-21, "Cost Principles of Educational Institutions"; (2) the rate calculated on State Controller's Form FAM-29C; or (3) a 7% indirect cost rate.

VI. RECORD RETENTION

Pursuant to Government Code section 17558.5, subdivision (a), a reimbursement claim for actual costs filed by a local agency or school district pursuant to this chapter is subject to the initiation of an audit by the Controller no later than three years after the date that the actual reimbursement claim is filed or last amended, whichever is later. However, if no funds are appropriated or no payment is made to a claimant for the program for the fiscal year for which the claim is filed, the time for the Controller to initiate an audit shall commence to run from the date of initial payment of the claim. In any case, an audit shall be completed not later than two years after the date that the audit is commenced. All documents used to support the reimbursable activities, as described in Section IV, must be retained during the period subject to audit. If an audit has been initiated by the Controller during the period subject to audit, the retention period is extended until the ultimate resolution of any audit findings.

VII. OFFSETTING REVENUES AND REIMBURSEMENTS

Reimbursement for this mandate from any source, including but not limited to, services fees collected, federal funds, and other state funds allocated to any service provided under this program, shall be identified and deducted from this claim. Offsetting revenue shall include the revenues cited in Public Resources Code section 42925 and Public Contract Code sections 12167 and 12167.1.

Subject to the approval of the California Integrated Waste Management Board, revenues derived from the sale of recyclable materials by a community college that do not exceed two thousand dollars (\$2,000) annually are continuously appropriated for expenditure by the community college for the purpose of offsetting recycling program costs. Revenues exceeding two thousand dollars (\$2,000) annually may be available for expenditure by the community college only when appropriated by the Legislature. To the extent so approved or appropriated and applied to the college, these amounts are a reduction to the recycling costs mandated by the state to implement Statutes 1999, chapter 764.

In addition, revenue from a building-operating fee imposed pursuant to Education Code section 76375, subdivision (a) if received by a claimant and the revenue is applied to this program, shall be deducted from the costs claimed.

VIII. STATE CONTROLLER'S CLAIMING INSTRUCTIONS

Pursuant to Government Code section 17558, subdivision (b), the Controller shall issue claiming instructions for each mandate that requires state reimbursement not later than 60 days after receiving the adopted parameters and guidelines from the Commission, to assist local agencies and school districts in claiming costs to be reimbursed. The claiming instructions shall be derived from the test claim decision and the parameters and guidelines adopted by the Commission.

Pursuant to Government Code section 17561, subdivision (d)(1), issuance of the claiming instructions shall constitute a notice of the right of the local agencies and school districts to file reimbursement claims, based upon parameters and guidelines adopted by the Commission.

IX. REMEDIES BEFORE THE COMMISSION

Upon request of a local agency or school district, the Commission shall review the claiming instructions issued by the State Controller or any other authorized state agency for reimbursement of mandated costs pursuant to Government Code section 17571. If the Commission determines that the claiming instructions do not conform to the parameters and guidelines, the Commission shall direct the Controller to modify the claiming instructions and the Controller shall modify the claiming instructions to conform to the parameters and guidelines as directed by the Commission.

In addition, requests may be made to amend parameters and guidelines pursuant to Government Code section 17557, subdivision (d), and California Code of Regulations, title 2, section 1183.2.

X. LEGAL AND FACTUAL BASIS FOR THE PARAMETERS AND GUIDELINES

The Statement of Decision is legally binding on all parties and provides the legal and factual basis for the parameters and guidelines. The support for the legal and factual findings is found in the administrative record for the test claim. The administrative record, including the Statement of Decision, is on file with the Commission.
